

THE 1785
THOMAS LEIPER
HOUSE

This fine example of Federal Period architecture was scheduled for demolition to make way for the Mid-County Expressway (I-476). Through the joint efforts of Historic Delaware County, Inc. and Nether Providence Township, the expressway was re-routed and the historic house was saved. It is now maintained by the Friends of the Thomas Leiper House and the Township.

The house is furnished with circa 1800 antiques, including some Leiper family pieces. Its four remaining outbuildings are restored. Displays reflect Mr. Leiper's prominence in manufacture, transportation, and politics in the development of the area, the state, and the nation.

GUIDED TOURS

Saturday & Sunday afternoons, 1:00 until 4:00 p.m. and by appointment during the week, April through December.
